Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: The present invention is directed to a receiver, which receives and stores data. Each independent claim identifies the distinct features of "judging whether the DSM-CC section extracted by the receiving means is DDB configuring the DII unobtained module". Although prior art discloses a receiver comprising Download Information Indication (DII) and Download Data Block (DBB), the above limitation is not disclosed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alicia M Duggins whose telephone number is (703) 305-5621. The examiner can normally be reached on M-F.
